Perny-

I wanted to take the opportunity to share my appreciation with your group. Our reception was such a success and was the talk of the show by all who attended. There was not one detail that was missing and the service, ambiance and food was exemplary. I am sure many will be returning for a full dining experience because everyone said if the reception was that delicious, they can only imagine what the entrees would be like!

This was by far our most successful client event and Biga was a large part of that success. Please pass our thanks to everyone who was a part of our reception. Everyone was treated with first class service.

Many thanks!
Melissa
